Dear Hiring Manager,

I would love to further explore my abilities by being considered to work alongside you as a 2D Character Drawover Artist. With experience drawing and creating digital artwork over the years as a passion of mine, I feel like this position would be an ideal fit.

As someone who has had a passion for drawing and creativity, I feel like I would be an ideal candidate for creating 2D backgrounds and understanding animation principles. I've attended Cañada College where I took classes on Introduction and Animated 2D Animation, in addition to getting my Associates Degree as well. At San Jose State University, I took classes on Digital Art & Media, where I received my BFA.

After graduating from San Jose State University, I chose to return to Cañada College to hone my abilities in animation for my technical skillset. During that time, I've learned how to use software such as Toon Boom Harmony, where I learned how to do traditional animation and puppet animations, and learn about backgrounds and composition. This experience has equipped me with a great variety of tools to animate with.

Should I have the opportunity to discuss more about my qualifications, I would love to come down for an interview, and provide my own demo reel to show!

Thank you so much for your consideration!

I appreciate your time and look forward to learning more about this role from you.

Sincerely,
